# **RISK-INFORMED ACTIVITIES**

## **Session W3**

**Dr. Brian Sheron, Associate Director for  
Project Licensing and Technical Analysis**

**March 14, 2001**

# VISION FOR THE FUTURE

- Commission Direction:
  - “Move forward with risk-informed regulation to the extent practical”
- Evolutionary process – not revolutionary

# WHY EVOLUTIONARY?

- Need sound technical basis to change
- Changes must be scrutable and defensible
- Cultural change
- Improvements in industry performance

# CONCLUSIONS

- We are moving forward
- Pace of change related to industry performance
- Safety will be maintained
